As Seen On The Ellen DeGeneres Show!

Swagcycle by Swagtron, is an affordable, compact, zero emissions personal transportation device that looks like a compact bicycle but rides like a motorcycle. Using a high-capacity 36v lithium-ion battery the e bike zooms through your neighborhood at 10 miles per hour, the battery lasts for up to 10 miles and re-charges in as little as 2.5 hours making the electric bicycles perfect for daily commutes and spontaneous adventures.

Whether you are a young adventurer or a commuting adult the Swagcycle motor bicycle has all the features you want and a few you might not have even thought about. First the 29lb aerospace grade aluminum frame folds for convenient storage and portability and can support up to 264lbs. Next there are a plethora of controls at your fingertips. From the handle bars you can; accelerate, brake, check the status of the battery, turn on the headlight, and even honk the horn. The Swagcycle e-cycle is designed for the best all-around riding experience and is even equipped with a USB outlet on the battery to charge your electronic devices. Enhance your ride by bringing along your phone or ipod and add music to your adventure or get directions from Siri the possibilities are endless with the Swagcycle power bike.

Don' t let a little bit of rain or early morning mist stop you. The electric cycle battery is IP54 water resistant ensuring the protection of you and your electric bicycle. Additionally, each SwagCycle is covered by a 1 year limited warranty from Swagtron. All the features you want, Zero emissions. Order your Swagcycle today!
