| Motor Effect | ≥ 80% | 20' GP container | 75PCS (5. 69*2. 13*2. 18) |

A folding fat tire electric bike with front and rear 160 disc brake and double-tube frame for improved strength (good option for larger riders), 20 inch folding aluminum alloy frame, Small size, lighter weight than other 26/28 inch fat ebike.

Powerful 250/350 watt internally geared fat electric bike specific motor paired with a large 36/48 volt battery capable of hauling more weight and going off-road on packed dirt trails, the battery is removable and even the racks can be taken off

Quality LED lights (the front is integrated to run off the main battery), decent mechanical disc brakes, average drivetrain but you get seven speeds to pedal slow or fast comfortably
