The stability you need, the power you desire: get it all with an city electric bike! Perfect for delivery use, running errands and going grocery shopping, or just a leisurely cruise on a sunny Sunday. Electric bike have their top speeds limited so max speed is 25km/h, have great hauling ability, and are great fun to drive! Powered Tricycles can be ridden on pure electric assistance (meaning you don't have to pedal at all), you can pedal in conjunction with the throttle (making pedaling easier and extending your range), and pedaled like a normal trike when and if you don't want to use the electric power
